EXPERIENCE

-
- Talent Support Advisor | Pipeline Operations & Lead Qualification April 2026 – September 2026
ASM Sports (Sports Talent Management & Consulting) Takoma Park, Maryland
- Executed first-touch outreach across 800+ leads over a 5-month multi-channel campaign (Indeed + LinkedIn), using a structured 5-touchpoint cadence (call, text, and email) to maximize response rates.
 - Achieved a 30%+ live-connect rate on first-attempt cold outreach, converting roughly 1 in 3 contacts into an active consultation conversation.
 - Advanced 380+ candidates to final-stage interviews, driving a 40%+ positive-outcome rate through a consistent, repeatable discovery process.
 - Qualified and allocated ~40% of personally sourced leads to senior recruiters as sales-ready candidates, directly supporting business development for the Agent Advisory program.
 - Maintained CRM-style tracking across 800+ candidate records spanning multiple sourcing channels, keeping handoffs to senior recruiters accurate and giving the team clear visibility into each candidate's status and next steps.
- Digital Operations & Business Strategy Analyst September 2025 – September 2026
PhiloSoccer Academy (Digital Media & Analytics) Takoma Park, Maryland
- Built a centralized tracker for 300+ digital marketing initiatives across content, website, and paid campaigns, giving stakeholders real-time visibility into performance and progress.
 - Drove a 964% increase in impressions and 867% growth in engagement over 3 months by refining channel strategy and standardizing the content calendar based on performance data.
 - Identified content funnel gaps and reallocated effort toward high-performing formats, increasing Instagram Reels interactions by 104% and saves by 234%.
 - Developed and tested data-driven hypotheses about content and channel performance using CPC trends, reach data, and engagement patterns from Meta Insights and Metricool to validate assumptions and reallocate ad spend toward higher-performing channels.
 - Coordinated cross-functional workflows across website, content, analytics, and paid channels — establishing ownership frameworks that reduced task duplication and improved on-time delivery.
- Graduate Assistant | Athletics Operations & Project Coordination August 2023 – August 2025
Washington Adventist University Takoma Park, Maryland
- Supported reporting and compliance workflows for a \$1M+ athletic scholarship fund by standardizing documentation, tracking approval stages, and maintaining real-time visibility into open items for athletics administrators.
 - Built 6+ Excel-based operational trackers for expenses, scholarship approvals, athlete performance, scheduling, and compliance — centralizing data previously managed across disconnected spreadsheets and email threads.
 - Prepared weekly academic, performance, and compliance reports for 60+ student-athletes by consolidating data from multiple sources, reducing manual consolidation time by an estimated 40%.
 - Managed end-to-end logistics for 15+ program trips involving 20+ stakeholders — overseeing scheduling, documentation, budget tracking, and expense approvals with zero compliance violations.
 - Standardized 5+ recurring reporting workflows and built open-item trackers and documentation templates that reduced manual follow-up and improved cross-team coordination.
- Student Life Manager | Program & Operations Coordination July 2022 – May 2023
Coffeyville Community College Coffeyville, Kansas
- Coordinated logistics, scheduling, and stakeholder communication for 30+ campus events per academic year; introduced Excel-based event tracking that improved attendance data access and follow-up consistency.
 - Managed scheduling, academic coordination, and communication workflows for 50+ student-athletes, serving as the operational liaison between athletics, administration, and student-life departments.
 - Implemented Excel tracking systems for student engagement, athletics operations, and event execution that centralized attendance, scheduling, and follow-up data across departments.

Accountant Clerk
Deconto Ltda.

May 2017 – Apr 2018
Porto Alegre, Brazil

- Maintained accounting documentation and completed bank reconciliations for 15 client accounts, supporting accurate financial recordkeeping and audit preparation.
- Recorded journal entries and classified expenses to support balance sheet preparation and improve reporting accuracy.
- Supported tax compliance by preparing and uploading revenue documentation through government portals including FGTS-related records.
- Coordinated with accountants and legal staff to ensure accurate handling of payroll, tax, and compliance documentation.

Assistant Operations Manager
Fiorio & Fachini Ltda.

May 2016 – Apr 2017
Porto Alegre, Brazil

- Maintained service consistency for ~65 customers per day by proactively identifying workflow bottlenecks and managing staffing needs.
- Coordinated shift operations across a 4-person team, managing service flow and customer support during peak periods.
- Analyzed point-of-sale patterns to resolve recurring operational inefficiencies and improve transaction throughput.
- Supported local marketing efforts by developing promotional materials and strengthening the business's Google presence to increase neighborhood visibility.

EDUCATION

Master of Business Administration (MBA)
Washington Adventist University

August 2025
Maryland

B.S. in Business Administration & Management | B.S. in Marketing Management
Union Commonwealth University
